The Chief Secretary to the Dewan
of Mysore.

Sir,

I have the honor to state that at a meeting held on 10th October last, of the Municipal Members of Arekal, it was resolved to remove Potters' Kilns from the heart of the Town to a place outside; and as no vacant site was available, a piece of ground belonging to one Ramanna was selected.

2. This ground (1 Kandy 3 Kudus and 2 Padies) was formerly granted to Ramanna's father, in consideration of his undertaking to build a chuttrum, well and flower garden for the use of travellers.

3. But only a little temple with Mantapams was built on a portion of the land the greater part is being leased out by him for grazing &c. A notice was issued to Ramanna that if the conditions of grant of the land were not fulfilled, the vacant portion would be resumed. He states in reply

that he is a minor and that his Guardian should be asked about it In another case where a large amount of Compensation had to be received he readily came forward setting aside Minority, and so any reference to the Guardian if any such really exists, would appear to be unnecessary. Conditions of the Government Grant have not been fulfilled and so the vacant portion of the land may be resumed especially for such a desirable public purpose, as the Removal of a nuisance from the heart of the Town.

4. A second notice was served on him last June, to which he has not attended, so no further notice appears necessary.

5. Vernacular correspondence Containing Proceedings and a Mutchalika executed by the Grantee (Father of present owner) are herewith submitted for reference and obliging Return.

I have the honor to be
Sir,
Your Most Obedient Servant.

Translation of the Anekal Amildar's report to the Deputy Commissioner of the Bangalore District, dated 19-12-60 No. 471

4/6

I beg to forward herewith the original petition from Appanna of the Anekal Kasba, applying for the waste land situated to the west of the Anekal Southern Gate, to construct at his own expense ranging from Rs: 600/- to Rs: 1000/-, a Dharmashalla with a well and a flower garden for the use and convenience of the public at large, who pass to Her Majesty's territories through Anekal — the central Station as containing roads leading to Salem, Dunkanikote &c in Her Majesty's territories, and stating that the want of such a charitable institution is very keenly felt by the travellers, that the Sircar may, if it pleases, give him a godi land for the purpose, and that, if not, he would deposit money in Sircar, in case of his undertaking to do the business for him. The inhabitants of Anekal state that an institution of the kind is absolutely necessary inasmuch as

inasmuchas it has become a matter of great hardship for travellers to find lodgings for the night and I am also of the same opinion. The land applied for is below the tank bed and is sparsely scattered with rank vegetation and is freely accessible to cattle and people also. It would besides measure about 1/4 kandi of land and the remaining bush-land has been cultivated. For the last one or two years, the land in question is being applied for, for Candayem, and it was not cultivated before. There is no claimant to it. Diverse Kakkaras would come forward, if it were given out for cultivation. There can be no kakkaras whatsoever, if it were granted to a Masafurukhana. I beg therefore to recommend that it may be given out to the petitioner to build on it a Masafurukhana at his instance.
